DETAILED ACTION

Response to Amendment

1. This office action is in response to amendment filed on 4/21/05.
2. Claims 1 – 3, 6 are presented for examination. Claims 4 – 5 are canceled.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with attorney Jiawei Huang on 10/21/05.

The application has been amended as follows:

Plases substitute paragraph 0013 starting from line 12 to line 20 on page 4 of the specification to the following paragraph:

“According to a still further aspect of the invention, in the stepping motor, upper edge portions of the rising wall faces of the concaved portions are chamfered, the chamfered upper edge of the rising wall face of the concaved portion of the housing portion is an inclined face having a vertically descending angle toward a bottom of the concaved portion for facilitating arranging of the magnetizing coil into the concaved portion. Since the inclined chamfered face functions as a guide face to guide the magnetizing coil into the concaved portion when the magnetizing coil is partially inserted into the concaved portion, it facilitates the operation of fitting the magnetizing coil inserted around the yoke into the housing portion.”

Allowable Subject Matter

4. Claims 1 – 3, 6 are allowed.
5. The following is an examiner's statement of reasons for allowance: the record of prior art does not show a stepping motor having a rotor, stator with projections for cylindrical magnetizing coils inserted around, and a concaved portion in a housing wherein a wall face rising from a bottom face of the concaved portion at a near side of the rotor and prevents contact between the magnetizing coils and the rotor, and an upper edge of the rising wall face is chamfered and formed inclined face having a vertically descending angle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Leda T. Pham whose telephone number is (571) 272-2032. The examiner can normally be reached on M-F (8:30-6:00) first Friday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Darren Schuberg can be reached on (571) 272-2044. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
